ST. JOHNSBURY TOWN REPORT

January 31, 1948

The undersigned have examined the accounts of William A. Bemis, Treasurer of the Town of St. Johnsbury, Vt., for the year ended December 31, 1947 and find the same correct. All income has been checked wherever possible, and proper vouchers showing the nature and propriety of all expenditures were exhibited and have been examined.

The report of the School Directors of the Town School District of the Town of St. Johnsbury has also been audited and found correct.

We have verified the accounts of Eugene R. Rosselot, Sr., Tax Collector, for the year ended December 31, 1947 and the same are in correct balance with the records on file at the Town Treasurer's Office.

Town Manager's Report

St. Johnsbury, Vermont, December 31, 1947

To the Honorable Board of Selectmen and Citizens of the Town of St. Johnsbury, I herewith submit for your information in detail expenditures, receipts and credits for the Town Departments under my supervision for the year ending December 31, 1947.

Rising prices and shortages of necessary equipment and supplies are as serious problems to your town government, with its fixed budgets, as to the individuals composing it, yet with the substantial surplus of cash on hand and with a larger grand list due to new buildings, we will be able to operate without any tax increases during the coming year.

The support of the Selectmen, private citizens, and the faithful efforts of town employees have made a successful year possible.

Respectfully submitted,

Charles S. Sumner

Town Manager.

1946	2,319.61	████████████████████████████████████
1947	3,357.90	██

Temporary repairs have been made on the Goss Hollow bridge and ten pieces of 8" x 16" x 26' long leaf yellow pine Stringers have been purchased, are now at the bridge site and the complete floor structure of this wooden bridge will be rebuilt this coming season. Twelve large cedar posts were used in bracing the present structure and 258 ft. of 3"x8"x16' yellow pine plank were used in re-decking the weak spots making this bridge safe for 8 ton loads.

On Crow Hill two 10" Galvanized Culverts 46 ft. in length were installed.

Three new Culverts were built on Bible Hill using 36 ft of 12" galvanized pipe, 36 ft. of 15" galvanized pipe, and 40 ft. of 8" galvanized pipe.

Another new culvert was built on the New Boston Road using 36 ft. of 15" Galvanized Pipe.

A new culvert 36 ft. in length was built in the Spaulding Neighborhood. This installation is near the top of Spaulding Hill and each spring a bad road-wash condition prevailed in this area. After considerable study a small underground waterway was uncovered and it was this underground brook that was causing all our trouble. This brook was tapped and this new 12" galvanized culvert will now run this water under the road into a larger feeder brook. Cement headers were built at this installation and a much improved condition should be noted in the coming season.

ST. JOHNSBURY TOWN REPORT

At Four Corners section of the town a 12" galvanized culvert 40 ft. in length was installed. This new pipe replaced an old broken-down plank culvert.

A new 18" x 40' culvert was installed in the Stark Neighborhood. This was a new installation and cement headers were built at this culvert on the upstream side.

On Brooks Street an old wooden box culvert was replaced with an extra heavy 48" x 26' Galvanized Culvert. A ton of cement was used at this installation on the up-stream side, building an extra heavy header.

On Parker Avenue an 8" Galvanized Culvert 24 ft. in length was installed replacing an old broken down wooden culvert.

The bridges in the community were given the usual annual inspection and necessary repairs were made.

HEALTH OFFICERS'S REPORT

I herewith submit my annual report as Health Officer of the Town of St. Johnsbury for the year ending December 31, 1947.

Following is the list of contagious diseases reported, and inspections and investigations made:

Contagious diseases:

Chicken Pox	66
German Measles	1
Measles	331
Mumps	11
Poliomyelitis	10
Scarlet Fever	15
Whooping Cough	31
Diphtheria	1

Inspections:

Nuisances, Rubbish and Refuse	25
Sanitary	12
School	2

Samples of the drinking water were analyzed twice weekly and found to be good, except for a short period of contamination during which time the water was analyzed daily.

Respectfully submitted,

John P. Tierney, M. D.

Health Officer.

VERMONT DEPARTMENT OF SOCIAL WELFARE

120 STATE STREET

MONTPELIER, VERMONT

Since payments by the State have a considerable part in lowering local tax rates the following information is furnished as a public service for inclusion in your Town Report.

PAYMENTS TO PERSONS FOUND IN OR APPLYING
FROM ST. JOHNSBURY CALENDAR YEAR ENDING
DECEMBER 31, 1947

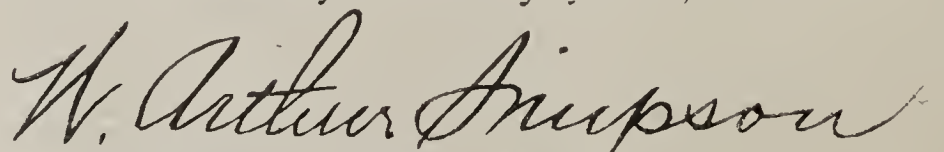

FOR OLD AGE ASSISTANCE	\$40,104.50
BLIND ASSISTANCE	852.00
AID TO DEPENDENT CHILDREN	2,731.76
ADULT CRIPPLED AID	437.00
COMMITTED CHILDREN	6,525.88

Total	\$50,651.14
-------	-------------

The newly established Department of Social Welfare administers programs formerly administered by the Department of Public Welfare and the Old Age Assistance Commission. It is responsible for the determination of eligibility and continuation of eligibility and within the limitations of money available, for the payment of financial assistance to approximately 9,000 individuals in various categories from youth to old age. Increase in the cost of living, unemployment, family insecurity, divorce, sickness, lack of housing, inadequate social security benefits, exhaustion of savings and a longer life span are factors in applications for aid and the amount of need.

This agency endeavors to function with kindly consideration of human needs and the practical and efficient expenditure of public funds. We appreciate the information and advice of so many who have cooperated with us in the past twelve years.

Very sincerely yours,

W. ARTHUR SIMPSON

COMMISSIONER

ST. JOHNSBURY TOWN REPORT

POOR DEPARTMENT

The Overseer of the Poor again desires to bring to the attention of the citizens of St. Johnsbury the continued assistance given this department by the members of our local Kiwanis Club. Especially commendable is their Christmas Party given to the inmates of our local Almshouse each Christmas morning. Without this humanitarian act the inmates of the Town Farm would have just another drab and endless day, but when Santa and his group of Kiwanians enter the Almshouse singing their Christmas Carols and decorate the tree with many useful gifts, the real spirit of the day is exemplified.

The Benevolent and Protective Order of Elks contribute generously to our unfortunate poor and the distribution of baskets of delicious goodies at Thanksgiving is most noteworthy. Their Christmas Children's Party which they have been conducting for the last twenty-seven years is now a local institution.

Also the assistance given by our veteran's organizations and their auxiliaries does much to lighten the burdens in many homes in our community.

The local chapter of the American Red Cross, and the Salvation Army, are always very cooperative and do much to alleviate unfortunate circumstances whenever called upon.

The Overseer acknowledges the splendid efforts and generosity of the local Mother's Club when at Christmas time this year they provided gifts and clothing to seventy children.

Our local Rotary Club also make a generous donation to our Christmas fund.

Among the younger groups the Overseer desires to mention the Home Economics Class at St. Johnsbury Academy, who each Thanksgiving take it upon themselves to furnish a complete Thanksgiving dinner including a big turkey to a large fatherless family in this community, and the local Boy Scout troops who also contribute baskets during the holiday season.

And there are always those faithful groups belonging to our church societies who silently but generously give assistance to our needy. To these and the individual citizens who contribute to the welfare of their unfortunate neighbors we wish to thank for their appreciated generosity.

The Matron at the Almshouse also canned 1000 quarts of
Vegetables, Fruit, Chicken and Meat.

ST. JOHNSBURY TOWN REPORT

HIGHWAY DEPARTMENT

The continuation in the Spaulding Neighborhood of the farm to market gravel highways in which the State contributes a proportion of the building cost was resumed in mid-summer and another three quarter mile leading to the north was completed. The old road was re-shaped and re-lined. One bad curve was eliminated, a new culvert was installed and a new heavy gravel road base 24 ft. in width was constructed the entire length of the project. Then two 4" applications of fine gravel was applied, the highway was then properly bladed and smoothed, new ditches were properly constructed and all brush on the side of the project was cut and burned. Plans for continuing this project another one-half mile to the north leading to St. Johnsbury Center are contemplated in this summer's work.

Another project of similar construction was begun on the upper or east end of Bible Hill. At this location a very narrow road was widened to about a full 24 ft. Two feet of heavy gravel base was built, new ditches were cut, three culverts were installed and this project was also covered with two 4" applications of fine bank run gravel. The narrow cuts on this section of roadway made it very difficult plowing in the winter as well as very expensive, and this section was also one of our worst trouble spots in the spring during the spring thaws. These conditions have been corrected and already this winter expenses of plowing have been cut to a minimum, and in the spring we should have very little trouble with mud. Another new culvert and some widening at the extreme end of this project will be necessary this coming summer.

A mile of re-surfacing was done on the North Danville road beginning at the intersection of U.S. 2 and running north to the Heath Farm. RC/5 Asphalt and Pea Stone were used for re-surfacing.

The Waterford-Higgins Hill highway beginning at the Waterford north line and running north in the Town of St. Johnsbury to the village limits on Concord Avenue was re-surfaced with RC/5 and Pea Stone. This was placed on top of a double tack coat. A part of the cost of this project was paid by the State of Vermont.

On the Back Lyndon Road another one-half mile of this highway was re-surfaced with six to eight inches of selected bank run gravel and then calcium chloride was applied on this project.

It will be necessary this summer to make extensive repairs and some re-locations to the roadway north of the old railroad

ST. JOHNSBURY TOWN REPORT

station at St. Johnsbury Center. The present roadway runs parallel to the railroad and is much too narrow at this point. Considerable drilling and blasting will be necessary but for the safety of our school buses and all those who travel this highway this project must have an A-1 priority this coming summer.

Improvements are to be made to the highway leading in to the school at St. Johnsbury Center. A double tack coat and widening was begun on this project last summer.

The Selectmen intend to hard-surface all the highways at the Center and at the East Village within the next few years and they will match funds with the State Highway Department to make these improvements. It is understood the State will have a part of their funds available for this coming season.

Our D-7 Caterpillar Bulldozer which was purchased from the War Surplus Commodity Division has been used to a great advantage in re-building all our town back roads and is also of material assistance in keeping our highways properly plowed during the winter months in the Spaulding Neighborhood.

The regular road honing and light graveling with some brush cutting was done on all our back roads during spring and summer. As help becomes more available a big brush cutting project will be started as several miles of our town highways have been greatly neglected during the past few years and as galvanized culverts become more available many more of these culverts will be installed replacing small tile culverts and old wooden box culverts which have served their usefulness.

ST. JOHNSBURY TOWN REPORT

REPORT OF THE FAIRBANKS MUSEUM OF NATURAL SCIENCE

1947

The Fairbanks Museum of Natural Science as an educational asset to St. Johnsbury had to function through 1947, again, at far from its possible capacity because the curriculum of our public schools allowed no place for the organized nature study classes formerly held at the Museum. Requests from individual teachers for classroom demonstrations, guided inspection of exhibits, showing of pictures, identification of specimens, and use of reference material on some school topic were frequently granted. These requests were usually accompanied with the wish that regular classes were being held as in former years, and surely this is the constant wish of all in charge of the Fairbanks Museum.

Attendance records give the total number of visitors as 15,582. Of this number 1,029 were adults and children who came in groups from graded or high schools, 4-H clubs, summer camps, and vacation schools, many of them in distant communities of northern Vermont and New Hampshire, with the questions of students and a real desire to see as much as possible.

Summer activity with local children was under the leadership of Miss Ethel L. Shaw, of Greenwich, Conn., former nature-study teacher here. The results of their field trips, study, and handwork were shown by an exhibit at the end of the summer.

On a typically busy day during the summer a visitor from Arizona remarked at the office that this was the most "dynamic museum" he had ever visited and so attractive that it was an unusual pleasure to visit it.

The lighting of the main floor cases has been greatly improved by the installation of the series of fluorescent lamps under the balcony. This reveals the desirability of additional units when funds are available. Freshening of the walls and shelves of several cases, together with the regular cleaning of specimens and renewing of labels has also added to the attractiveness of the room.

During the summer the slate roof had to be repaired in many places which had been causing leaks in balcony and office during both winter thaws and summer rains. Unfortunately after fifty-seven years of weathering snow and ice in the several roof angles, the expense of this slate roof has become an almost constant item.

ST. JOHNSBURY TOWN REPORT

The publicity given to some of the Museum's activities and exhibits by the "Caledonian" has been appreciated. The co-operation shown by adults and children in sharing objects of interest in their possession has added occasional new attractions to the classroom "zoo" or to various specimen cases. The annual gift from Mrs. Edith N. Stevens to the Inez Howe Classroom Fund is acknowledged.

The interest of the public always inspires to further service, and it is sincerely hoped that their interest will as soon as possible restore to St. Johnsbury Public Schools the educational advantage of regular nature study in the classroom of the Fairbanks Museum.

Respectfully submitted,

Mabel A. Shields,

Curator.

Fred C. Beck, Treasurer

Librarian's Report

ST. JOHNSBURY ATHENAEUM

For the Year Ending December 31, 1947

The report of the work at the Library is practically the same each year, varying chiefly in the statistics. These, however, indicate the actual use made of the Library and hence are of interest to the townspeople.

The Library loaned to 3,421 persons 79,130 books, with a daily average of 261. These were not all borrowed from the main Library. 7,996 were loaned at the Portland Street School, 4,204 at the Arlington School and 13,447 at the schools at St. Johnsbury Center, East St. Johnsbury and Goss Hollow. A total of 32,886 books were loaned to 921 children. A distinct increase in the number of books loaned to the children from the Summer Street Schools was seen after the return to the normal schedule in the fall.

We resumed our regular class work with the sixth, seventh and eighth grades. The children were taught to use the card catalogue, reference books and the index to periodicals. A brief explanatory talk was followed by problems to be worked out by the children.

The work with the Academy was under the direction of Mrs. Margaret L. Woods. A course of lessons in Library Science was given by Mrs. Woods to all Academy pupils. Thirty-nine classes came to the Library for these lessons. This work included practice questions and tests.

There are about 32,000 books in the Library, of which 665 were added during the year. 241 were books for children.

The Library received as gifts 49 books that were regularly catalogued and added to the permanent collection. Many others were placed on the shelves as duplicates and still more of the gifts were put in circulation temporarily.

Hours were spent in reference work for adult and juvenile borrowers. 923 questions were recorded. Many more came in that were not noted on our daily record sheet. Many questions are asked over the telephone, often these calls are for correct spelling and pronunciation.

The Library subscribed to 76 magazines and papers and received as gifts 35.

The St. Johnsbury Division of the Regional Libraries established by the Free Public Library Department of Vermont, has desk and stack room space in the entrance hall on the second floor of the Athenaeum Building.

ST. JOHNSBURY TOWN REPORT

The present schedule of hours at the Athenaeum is every week day from 11 A. M. to 5 P. M. Monday and Saturday the Library is open until 9 P. M.

Many gifts of books and magazines have been received. For these and for the expressions of interest and encouragement that have come from many friends of the Library sincere appreciation is felt.

Respectfully submitted,

Cornelia Taylor Fairbanks,

Librarian.

ST. JOHNSBURY TOWN REPORT

EXPLANATION OF BUDGET INCREASES

The town school district year begins January 1st and ends December 31st of each year.

The state school year begins July 1st and ends June 30th each year.

Budget estimates were given last year on known adjustments in teachers' salaries and tuition to cover the town year and not the school or state year.

Amounts paid on salaries up to December 31st, 1947, could not be estimated accurately because these budgets were printed in February, 1947, and teachers' contracts were not written until after the end of the legislative session. Salaries for teachers were determined by law. It was necessary to increase all of the elementary teachers an average of \$400. on the new contracts. These contracts hold until July 1st, 1948. Three-fifths of the increased amounts for salaries will have to be accounted for on the 1948 school budget.

The 25% increase in high school tuition means also that the last two terms will fall due in 1948 and will have to be reported in the 1948 budget as such increase.

The remodeling of Summer St. School will increase the budget by \$11,000.00 per year for reduction of bonds in addition to the interest for the next five years.

If you consider the school district bonded indebtedness and interest, you will find that **twenty-eight cents on the Grand List dollar** is required each year, leaving \$1.87 for all other current school expenses.

REPAIRS AND MAINTENANCE

North Hall—

North Hall at the Academy is used by the two seventh and two eighth grades from Summer St. School. Extensive repairs were made to these four class rooms, hallways and entrances.

The total cost was \$4,118.04.

Portland St. School—

Painted halls on first and second floors, teachers' room and library, eight class rooms, flag pole, front and back entrances, jet and window sash on the whole building. The chimneys were relaid, new ventilators installed, roof painted, brick walls pointed and window sash replaced. Extensive repairs were made in the boys' toilet and wash room, in the girls' toilet and wash room and in the hot lunch room and kitchen. New fixtures were installed and continuous hot water supplies from the boiler to these rooms. New drinking fountains were installed in the basements.

The total cost of these repairs was \$5,024.62.

ST. JOHNSBURY TOWN REPORT

Summer St. Remodeling—

This work was all done by contract in five divisions as follows: heating, plumbing, electrical, decorating and general carpentering and masonry.

The total cost to date was \$46,742.64. There are unfinished items not included in this amount which are estimated to cost \$3,656.71.

Arlington School—

Several rooms should be re-decorated this summer.

Trade School—

Drawing and drafting room should be insulated or plastered to save fuel expense. The building should be painted on the outside to preserve this first coat given the building in 1942.

There will be the usual summer maintenance and repair work for the four full time janitors. This work is mowing lawns, repairing playground equipment, repairing broken windows, doors and desks, and thoroughly cleaning all school buildings. This is a full time summer job for the four men. Each janitor is allowed two weeks vacation with pay.

ADMINISTRATION

A continuous program of public school improvement is a full time job for your school board and their executive officer.

A few recommendations might be mentioned here: a salary schedule, teacher evaluation, operation of plants, instruction, maintenance, transportation and health services.

For example, teacher evaluation might be considered in terms of specific accomplishments after taking into consideration the standings of the class when the teacher receives the class. It is very difficult for first grade teachers because here the teacher has to make the beginning and become responsible for all of the specific accomplishments during the year.

As the chief executive officer, the superintendent is delegated with the responsibility of providing educational leadership and management of the schools' business and financial affairs. He should be relieved of routine and should devote at least half of his time to organization, direction of curriculum, instruction and guidance.

The principals and special teachers and supervisors are directly accountable to the superintendent, and through him to the school board.

ST. JOHNSBURY TOWN REPORT

If the school board, administration and teaching staff are to render their best service to the community the leadership of the district must be understanding and cooperative.

The administration has attempted to keep school costs and salary schedules on a level with inflated prices.

Price Index, present dollar compares with pre-war dollar as follows:

Present	vs	Pre-war
\$4,000		\$2,442
3,500		2,137
3,000		1,832
2,500		1,526
2,000		1,221

It is evident from the above and from many other examples, that unless teachers' salaries are still further increased, the inflationary trend will discourage them from teaching and candidates for training from entering the profession.

The reports of the principals, supervisors, and special teachers are printed as they were presented to me.

ST. JOHNSBURY TOWN REPORT

ST. JOHNSBURY TRADE SCHOOL

(Lewis J. Streeter, Prin.)

I respectfully submit my second annual report as principal of the St. Johnsbury Trade School.

The cumulative registration for the current year as of this day is as follows: Freshmen 31, Sophomores 26, Juniors 29, Seniors 11, Veterans 16, Post-Graduates 2, Special Students 6. In addition there is one first grade, one second grade, and the homemaking classes for Grades VII & VIII taught in the Trade School. These grades are taught by Miss Ethel Bailey, Miss Laura Walker, and Mrs. Avis Pillsbury respectively.

Provision could readily be made for a somewhat larger Freshman class. The mortality rate is usually greater in the ninth and tenth years due to various reasons, the greatest of which is perhaps the student's inability to adjust himself. The number in the senior class is small this year which somewhat lowers our cumulative enrollment.

The cooperative part-time program has eleven enrolled which is a slight decrease from last year. This is in all probability due in part to the fact that some local concerns are using apprentices under the G. I. Bill of Rights. The Trade School boys who follow the cooperative program are receiving training with Northern Cadillac Co. Inc.; Fairbanks, Morse & Co.; Sherman Motors, Lancaster, N. H.; Ambrose Colby; Leo D. Stetson; Warren Motors; Corner Garage and K. P. Morrill.

Training in Auto Mechanics is being offered this year. However, it should be realized that it takes time as well as tools and equipment to organize a new course of this type. Apparently the school has made a successful start in a trade at which boys can always find employment. A course in Civil Air Patrol was also started in September. This course is sponsored by the War Department Air Corps for the purpose of interesting boys in aviation.

We are now able to offer training in a rather diversified field in such trades as Auto Mechanics, Building Trades, Drafting, Electricity, Machine Shop, and Radio. The above allows opportunity for a considerable choice and a boy will find himself with a background that may lead to a very specialized occupation if he applies his efforts and completes his training.

ST. JOHNSBURY TOWN REPORT

We were fortunate in the fact that the personnel of the Trade School faculty has remained the same as that of the 1946-1947 school year. These instructors and their subjects are: Mr. William E. Anderson, Auto Mechanics and Electricity; Mr. Alfred E. Burrows, Machine Shop; Mr. Collins J. Farr, Radio and Civil Air Patrol; Mrs. Claire T. Miller, English and Civics; Mr. Gordon G. Woods, Drafting and Related Subjects; and Mr. Herbert E. Wormwood, Building Trades. The high grade of instruction and cooperativeness of the teachers mentioned above is very much appreciated. The principal teaches several related and academic subjects.

Each teacher has continued to supervise one or more extra-curricular activities which requires a considerable amount of time, and in certain instances handicaps the teacher in his own field of endeavor. We are carrying three major sports which have been coached by the regular faculty with the exception of football which has been under the direction of Mr. Gilbert Johnson. It is my opinion that the Trade School should have an additional teacher, part of whose responsibility would be coaching.

Due to the fact that the athletic field is in rather poor condition, it is recommended that the grounds be seeded. This would allow the football squad as well as the baseball team to perform with greater efficiency and eliminate many injuries.

Opportunity is taken at this time to express my gratitude to my associates, members of the school committee and Superintendent Frank R. Adams for their cooperation and helpfulness during the present school year.

ST. JOHNSBURY TOWN REPORT

HOME ECONOMICS

(Avis T. Pillsbury)

I hereby submit the annual report of the department of home economics of the public schools. The aim of this department is to provide the girl entering or about to enter her teens an opportunity to express herself in the general field of home making, to help her to formulate desirable ideals and standards of personal living, to develop an appreciation of her responsibility in family life and to equip her to a certain degree with the information she needs to take her place as an integral member of her family circle.

Our budget allows \$200. for the maintenance of this work, of which \$198.59 was expended this past year. In June, 1947, there was an enrollment of 96 girls while in January, 1948, the total is 112. This allows approximately \$2.00 for the expenses of each one which is the minimum amount the state department of home economics recommends for foods' courses only.

The following courses were studied during the past school year and a similar program is being followed this year.

Grade VIII

Meals for the family—a supper unit

Grooming

Planning for and making a school dress.

Grade VII

Meals for the family—a breakfast unit

Beginning sewing

Elementary clothing project.

Some slight changes are made as the classes in the different schools require them. For instance, a hospitality unit is being substituted for the grooming unit with the girls in the Portland St. eighth grade.

At Christmas time, all girls of the eighth grades in the various schools joined together in furnishing a box for a state child who had no family to provide for him. This supplies an incentive for several lessons in buying clothing and toys for a year old child, as this was the age of the little boy for whose Christmas we accepted the responsibility.

I have found the girls of this age group much interested in their work and anxious to participate in every way. I feel free to say it has been a happy year from the standpoint of both teacher and pupils.

In conclusion, may I express my sincere appreciation to the parents, the members of the school board, and to the superintendent for their cooperation and interest.

ST. JOHNSBURY TOWN REPORT

SCHOOL HEALTH PROGRAM

(Eunice Martin, R. N.)

All school children were weighed and measured and cards made out for each in the Fall of 1947.

The vision tests were completed on the Keystone Telebinocular.

Health examinations have been given at the Trade School and Center School. Immunizations have been given at the Trade School, Portland St. School and Center.

There are more immunizations, health exams and corrective work to be done in all of the schools.

Members of the Parent Teachers' Association have given their assistance at these health examinations.

These health examinations and immunizations are being given free because the doctors have very graciously offered their services.

PORTLAND STREET SCHOOL

(Jessie Beaton, Prin.)

Eleven pupils from our upper grades have throughout the year served in a courageous and courteous manner as our Safety Patrol. We feel they deserve much credit.

Under the supervision of our nurse, Mrs. Eunice Martin, R. N., and Doctor Cosgrove the children have received examinations or diphtheria immunization. Hearing and vision tests have been given by the teachers.

The Summerville P. T. A., has since December 3, 1947 conducted a Hot Lunch program with from forty to fifty children participating daily. Since October an average of 150 pupils daily have enjoyed milk furnished them at a reduced rate by Kilfasset Farms. The P. T. A. Kitchen Committee, Mrs. Easter, Chairman, deserves much credit for the time and thought spent on the lunch program.

Weekly lessons in playing musical instruments have been conducted by Mr. Leo Messier.

We take this opportunity to thank Superintendent Frank R. Adams for his assistance; the librarians, Mrs. Campbell and Mrs. Cutting and our custodian, Mr. Gilfillan, for their help.

The 222 children enrolled are adjusting themselves to the full day of school again and to them, to their parents, and to all our teachers I express my gratefulness for their splendid cooperation.

ST. JOHNSBURY TOWN REPORT

ARLINGTON SCHOOL

(Fannie J. Silsby, Prin.)

I respectfully submit the annual report of the Arlington School, which opened September 8th, with an enrollment of 140.

The teaching force is the same as last year with two exceptions. Mrs. Ethel Alley is assisting during the A. M. in Grades 2 and 3, owing to the large attendance in that room, and Mrs. Thesba Johnston replaces Miss Russell, the 7th grade teacher, who is attending Lyndon Teachers' College.

A movie projector has been purchased. The films shown have furnished additional classroom instruction as well as enjoyment.

Milk is being served during the winter months, the expense being shared by the pupils, the Parent Teachers' Association and the Federal Government.

Grades 6, 7 and 8 have received instruction at the Athenaeum in indexing, filing and the use of the card catalog. Mrs. Annie Campbell, with Mrs. Garry, assistant, brings books from the library every second Thursday.

Vision tests have been given to all the pupils by their respective teachers. On Feb. 2, Dr. Wilson gave 21 diphtheria inoculations and 16 small pox vaccinations. She was assisted by the school nurse, Mrs. Martin, Mrs. McNamara, R. N., Mrs. Scott, Mrs. Brunelle and Mrs. Lucas. Immunizations will be completed in March also physical examinations given at that time.

I wish to thank Supt. Adams, school directors, teachers, special helpers, janitor, parents and pupils for their cooperation during the year.

ST. JOHNSBURY TOWN REPORT

SUMMER STREET SCHOOL

(Velma J. McAllister, Prin. South Bldg.)

(Helen Stearns, Prin. North Hall)

We hereby submit the following report of Summer Street School:

School opened September 8th with a total enrollment of 354 pupils.

Many activities have been carried out in both buildings throughout the year.

A student government was formed in grades 7 and 8 which has done much to further the development of responsibility in its members.

Keen interest has been shown in sports. Basketball uniforms are soon to be purchased from money given by interested citizens.

The School Patrol which was organized in September is functioning successfully.

Many pupils are making the most of the splendid opportunity of receiving class lessons in violin and wind instruments each week under the able direction of Mr. J. Leo Messier.

Much credit should go to Mrs. Eunice Martin for her efficient work as school nurse. Mrs. Martin comes to us exceptionally well qualified being a graduate of Newton Hospital.

Eye examinations along with periodic check-ups of pupils have been carried out.

A clinic has recently been held for vaccination and immunization against diphtheria.

Approximately 170 bottles of milk are served to pupils each morning.

Many new books have been added to our school libraries.

The community skating rink on Gilman's meadow is providing healthful recreation for pupils during their leisure time.

Much credit should go to Mr. Curtis and Mr. Gilhillaan our janitors, for keeping both buildings comfortable during the extreme cold weather.

In closing we wish to thank Superintendent Adams, School Directors, teachers, parents, pupils, and all others for their fine cooperation during the school year.

ST. JOHNSBURY TOWN REPORT

Mr. Gilbert D. Johnson is instructor in Manual Training for all seventh and eighth grade boys. This course is given in the Summer St. building in the remodelled room.

Mrs. Bettie L'Heureux was supervisor of public school music until January 30th. Miss Teresa Grace will act as music supervisor for the rest of the year.

Four of our elementary teachers will receive degrees from Lyndon Teachers' College this year. A large number of teachers are taking other special courses.

The teachers' association committee and superintendent are studying salary schedules and some recommendations have been made. The school board, superintendent and teachers' committee feel that the fixing of basic salaries should be postponed until prices and general living costs have stabilized. A fixed salary schedule at this time would work a hardship on some teachers. Reasonable adjustment in all teachers' salaries will be made and continued in force.

New contracts will have increments of at least \$150 for all teachers. Teachers pay for sick leave should be increased from five days to ten days.

I wish to thank the School Directors, Principals, Supervisors, Teachers, P. T. A. Organizations and parents for their cooperation and assistance during the past year.

Respectfully submitted,

Frank R. Adams,

Superintendent

WARNING

FOR ANNUAL TOWN AND TOWN SCHOOL DISTRICT MEETING, TUESDAY, MARCH 2, 1948

The citizens of St. Johnsbury who are legal voters in Annual Town and Town School District Meeting are hereby notified and warned to meet at the Vermont State Armory, in the Village of St. Johnsbury, on Tuesday, March 2nd, 1948, at nine o'clock in the forenoon to transact the following business:

ARTICLE 1. To elect all Town and Town School District Officers required by law. (Polls on this Article to close at 2 P. M.)

ARTICLE 2. To see if the Town will appropriate a sum of money to be used in defraying the expense of a proper observance of Memorial Day, and if so, how much?

ARTICLE 3. To see if the Town will vote to appropriate a sum of money not to exceed \$1,500.00 toward the expense of a District Nurse for the ensuing year.

ARTICLE 4. To see if the Town will appropriate the sum of \$6,000.00 toward the expense of maintenance of the Athenaeum for the ensuing year.

ARTICLE 5. To see if the Town will appropriate the sum of \$1,800.00 toward the expense of maintenance of the Fairbanks Museum of Natural Science for the ensuing year.

ARTICLE 6. To see what action, if any, the Town of St. Johnsbury will take with reference to appropriating a sum of money to pay the expenses of outdoor band concerts, in whole or in part, pursuant to Section 3703 of the Public Laws.

ARTICLE 7. Shall licenses for the sale of malt and vinous beverages be granted in this town?
Shall spirituous liquors be sold in this Town?
(By ballot. Polls on this Article to close at 3 P. M.)

ARTICLE 8. Shall Eastern Daylight Saving Time be observed in the Town of St. Johnsbury from 2 A. M., on Sunday, April 25, 1948, to 2 A. M. on Sunday, September 26, 1948? (By ballot. Polls on this Article to close at 2 P. M.)

ARTICLE 9. To see if the Town will vote to collect 1948 taxes by its Treasurer and if so, to fix a date or dates for the payment of taxes; and to direct the Treasurer, as receiver of taxes, to deduct a per cent to be fixed by vote, not to exceed 4% from the tax of a person who pays his taxes on or before such date or dates.

ARTICLE 10. To see if the Town will appropriate the sum of \$25.00 per mile, or \$2,068.02 to take advantage of the extra \$25.00 per mile granted to the Town by the State under Act 101 of the Acts of 1937.

ARTICLE 11. To see if the Town will vote to raise money to defray the expenses and liabilities of the Town for the current year, and if so, how much?

ARTICLE 12. To see if the Town will vote to raise money for the maintenance of its highways, and if so, how much?

ARTICLE 13. To see if the Town School District will vote to raise money to defray the expenses of maintenance of its public schools, and if so, how much?

ARTICLE 14. To see if the Town will vote to authorize and instruct its Selectmen and Treasurer to borrow money, if necessary, to defray current expenses of the Town, prior to the collection of 1948 Town taxes.

ARTICLE 15. To see if the Town will authorize the Auditors of the Town to employ the services of an accountant from the office of the Auditor of Accounts as provided by No. 55 of the Acts of 1937 to conduct an audit of the accounts of the Town.

ARTICLE 16. To transact any other business proper to be brought before said meeting.

FRED W. KNOWLTON

CARL D. HOVEY

FRED G. JOHNSON

Selectmen of the Town of St. Johnsbury

Dated at St. Johnsbury, Vt., this 14th day of February,
A. D., 1948.
